$30,000 Aid For Museum Is Being Urged by Committee of Directors at Austin

WOULD ADD CASES

Commission of Control Is Urged to Stand by Recommendation of Historical Committee

Final apportionment of the $775,000 set aside for historical work in connection with the Texas Centennial in 1936 will be made in Austin today and tomorrow. The Commission of Control received the report of the Advisory Board last week and will act upon this report at the meeting called today.

Recommendation was made for $30,000 to be given the Panhandle-Plains Historical Society for improvements on the Museum building.

Dr. J. A. Hill, L. F. Sheffy and Horace M. Russell of Amarillo left yesterday morning to represent the Society at this hearing. Judge H. E. Hoover of Canadian and Col. R. P. Smythe of Plainview may join them today in Austin.

According to word from Austin, pressure is being brought to bear upon the Commission to use all funds alloted to West Texas for another institution. It was to combat this movement that the directors of the Panhandle-Plains Historical Society met in Amarillo Tuesday and instructed that these men attend the meeting held in Austin.

If the Commission of Control approves the $30,000 granted to the Museum, additional display cases will be built to care for the hundreds of interesting historical materials which are now on display.

Miss Ritchie Talks on Japan at Rotary Luncheon Tuesday

Miss Jennie C. Ritchie made an interesting talk Tuesday at the luncheon of the Rotary Club on her trip around the world this summer in company with Miss Edna Graham. After outlining the route traveled, Miss Ritchie spent considerable time in talking of Japan.

After ten days in Japan the party visited cities in China, Philippine Islands, and India. Passing to the west they visited the scene of the present war, and saw Mussolini as his transports were leaving for the front. War excitement was running high in France and Germany when these nations were visited.

Miss Ritchie stated that the military party, which has been in power for many years in Japan, does not truly represent the Japanese people. She has never seen such courtesy as is shown the visitor by the people of this nation. The women are dainty and dress in attractive kimonas, while the men have largely adopted the dress of this country. There is little

ROY MOSES OPENS NEW STORE AT VAN RECENTLY

Friends of Mr. and Mrs. Roy Moses will be interested in knowing that they have moved to Van, Texas, where Mr. Moses has opened up a new store.

Mr. and Mrs. Moses are former residents of Canyon. They left here a few years ago for Stamford where they have lived until their recent move to Van.

Men Eligible For WPA Jobs Must Be Listed By NRS

Men who expect to work on the various WPA, PWA and other government jobs in Randall county must register at the NRS office which is maintained at the relief office.

Men who are qualified for the various types of work should register at once in order to be ready when these jobs open.

R. W. Willis, projects engineer, states that he is having difficulty in getting men to register for the jobs calling for skilled labor.

Widening of Fourth Avenue Is Approved

Many Readers Start Taking Bargain Rates

Many readers are taking advantage of the low Bargain Day rates which are offered by The Canyon News.

The News is offered together with all daily newspapers and magazines at clubbing prices which save the readers money.

Taking advantage of these rates has been the policy of hundreds of readers of The News, who have learned to save money on these newspapers and magazines.

Eight Feet Will Be Added on Each Side — Six Other Blocks To Be Paved

Approval of widening Fourth Avenue east from the square was given Friday at Washington in the WPA offices. The government will contribute $7,126.65, and the city of Canyon will spend $2,300 on this project. Work will start on this job as soon as the approval has been returned to the state WPA office at San Antonio and forwarded to the district office at Amarillo.

C. N. Harrison made the plans on this project and was at San Antonio last week to investigate the progress which was being made in getting it cleared for action.

In widening Fourth Avenue, the pavement will be extended eight feet on both sides. This will not disturb any of the trees planted along the street, states Mr. Harrison. The sidewalks and drives on all property will be replaced without cost to the property owners.

In addition to this work east of the square, Fourth Avenue will be extended west two blocks from 10th to 8th Street, and then south making a paved loop in front of the high school building.

Three other north and south blocks are included, 18th Street which is east of the Baptist and Christian Churches, and 19th Street which is east of the Meth-

New Mexico Will Furnish Opponents To Buffs Friday

Maroon and White To Fight to Beginning of Winning Streak at the Stadium

Week-end foes of the Buffaloes will be the New Mexico University Cowboys of Las Vegas, New Mexico. The game will be played in Buffalo Stadium Friday night at 8 o'clock.

Little is known concerning the strength of the Cowboys. They have an outstanding coach in "Stu" Clark, and with the crew of veterans that he has, he should be able to put a well-balanced, hard-hitting club against the Buffaloes.

The Maroon and White boys have a hard outlook in the way of opponents. Following the N. M. N. U. game, the Teachers will journey to El Paso where they will take on the Miners, one of the best clubs in South Texas. The Miners were defeated last year by the Buffaloes, and will be in an ugly mood when the Canyon boys invade their city.

Returning home the Buffaloes will tackle Larry Mullins' "frost bitten" Ravens from Atchison, Kans. Mullins was Rockne's last great fullback, and has one of the smoothest clicking offenses in Kansas.

Mullins' team has beaten the Buffaloes twice in their relationship, and are cock-sure of doing the same this year; on the other hand, the Buffaloes will be playing before the same homecoming crowd that saw them slaughtered last year by the McMurray Indians, and they will be fighting desperately.

The coming of Mullins and his Ravens, and the game between his team and the Buffaloes promise to be the outstanding sports feature in Northwest Texas this season.

175 Cars Entered Palo Duro Park During the Week

Attendance at the Palo Duro State Park was slightly better last week than during the past two weeks. The total for the week was 175, with 126 of these coming on Sunday.

Amairllo contributed 55 cars; Pampa 12; Plainview 8; Dallas 6; Canyon, Dimmitt, 4 each; Panhandle, Hereford, El Paso, 3 each. 38 different towns in Texas were represented.

Thirty-three cars came from 13 different states outside of Texas.

METHODIST MEN FORM ORGANIZATION THURSDAY

The first meeting of the Methodist Men's club was held Thursday night in the social hall. The women of the missionary society served a supper before the business meeting was held.

The following officers were selected for the new club:

President, S. H. Condron.
Vice President, Harry Wood.
Secretary, J. B. Morrisset.

The next meeting will be on Oct. 24.

George E. Mason of Wildorado was a business caller in the city Monday. He just returned from a trip to Oklahoma, Arkansas and Missouri, and believes this section is in better condition than most of those states.

Stafford Hall To Be Received Oct. 25 From Builder

First PWA Project On Campus Nearing Completion — Maxey Has Cottage Job

While work is practically completed on Stafford Hall, the building will not be turned over to the College until Oct. 25. It was planned last week by contractor J. B. Maxey to complete the building tomorrow. Only a few minor details await action during the coming week, and only a few workmen are expected to be on the job after Monday.

Mr. Maxey was low bidder on the ten cottages, but his bid was $8,000 above the total amount allowed by PWA for this project. Application for the additional amount was approved in the Fort Worth office of PWA last Friday and sent to Washington for final action. Mr. Maxey will keep his machinery and building equipment on the campus until definite word is received from Washington regarding this additional grant.

Stafford Hall is the first PWA project to be built on the campus. Four other PWA projects are pending and are expected to be under construction in a few months.

TO GIVE CARNIVAL AT SCHOOL HOUSE OCT. 19

Saturday night, Oct. 19, promises to be a night of fun for those attending the Carnival held at the Zita school house. This is being sponsored by the Zita Home Demonstration Club and the members extend a cordial invitation to everyone who would care to attend. Other Demonstration Clubs are urged to attend.

Funds Voted W. T. For Utilities and for August Salaries

President J. A. Hill received a telegram Tuesday from Senator Clint C. Small that the legislature had passed the appropriation bills providing for the extension of water, light and gas lines to the new buildings on the campus, and to take care of the deficiency warrant issued by Governor Allred for the August salaries.

Dr. Hill was called to Austin Friday to appear before the appropriations committee to the House when the bills were reported favorably.

AUNT OF MRS. J. H .ROSE BURIED MONDAY AT LUBBOCK

Mr. and Mrs. J. H. Rose were called to Lubbock Monday by the death of her aunt, Mrs. James Hartley.

The funeral was held Monday afternoon and Mr. and Mrs. Rose returned home Tuesday.

CCC Work Opened to Number of Boys In Randall County

Enrollment is opened for boys in CCC camps. Applications may be made at the relief office.

According to information from Washington this is probably the last enlistment period for CCC work, owing to the fact that the number of camps are being reduced for boys.

While the quota for the county has not been set, it is indicated that it will probably be possible to take all of the boys who will volunteer for this work.

HAD OPERATION

Mrs. Harley Burus had an operation for appendicitis Tuesday.

Costley Lot Chosen Site New Postoffice

Announcement Made Yesterday in Washington of Selection Made of the Site

The quarter block north of the First National Bank was selected yesterday by the Postoffice and Treasury Departments as the site of the new postoffice building. Mrs. Ruth Costley is owner of these lots submitted a proposition to the inspector who visited Canyon recently.

Mrs. Costley originally submitted a price of $4,500.00. She was induced by the inspector to reduce this to $4,250. Business men were advised that if this site was selected the price to the government must be reduced $500 more in order to bring the price on a par with other locations offered.

The bid of Mrs. Costley was reduced to $3,750 and local men will add the $500 to the price she made to the government.

Mrs. Costly had received no direct word from Washington. She stated that the inspector informed her that a bond would be sent to the owner of the site which was chosen, and after this bond was executed, payment of the purchase price would be made.

No word has been received as to the size or type of building to be erected, but this is expected to come within a short time.

Many Attend Dinner Given Last Night in Honor Marvin Jones

More than a dozen Canyon people attended the dinner last night in Amarillo which was given in honor of Congressman Marvin Jones.

Mr. Jones has promised to visit Canyon in the near future and will spend a day here before he is called back to Washington in preparation for the next session of Congress to convene in January.

UNCLE IS KILLED

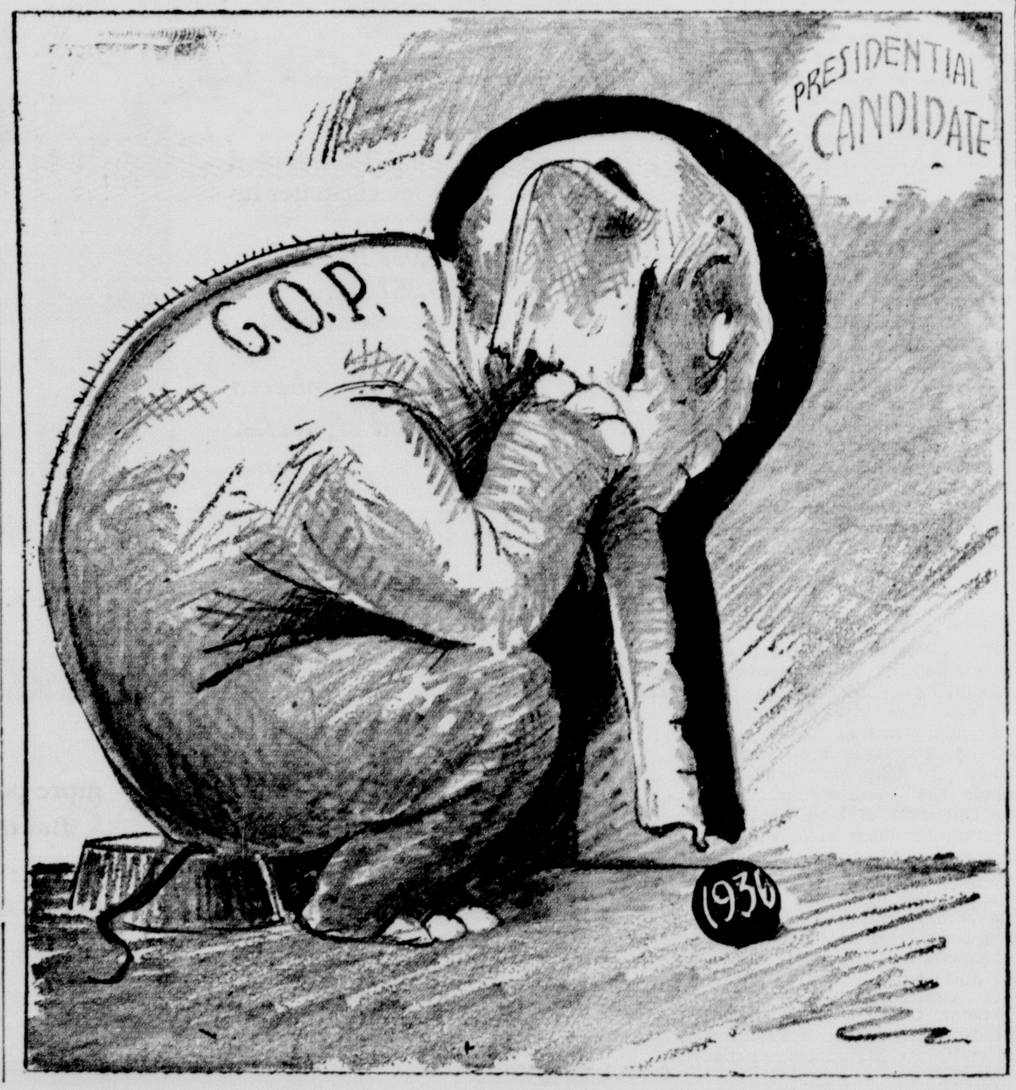
Mrs. W. L. Smith received word last week that her uncle Joe E. Mills of Boulder, Colo., died as a result of a car accident on the 27th of September. He suffered intensely from the time of the accident until his death more than a week later.

SERVE ON FEDERAL JURY

M. S. Bishir and G. W. Johnson are serving on the federal jury in Amarillo this week as members of the petit jury.

Mr. and Mrs. C. R. Burrow returned Tuesday from a week spent in Dallas.

THE THINKER



Certificate Must Be Had to Sell or Ship Flowers

Under the terms of a new law no one in the state may sell flowers without a permit from the Department of Agriculture.

Flowers may be given away, but no one may ship flowers without a permit, even though the flowers may be a gift.

In shipping flowers a copy of the state's certificate must be attached to show that the flowers originated with a firm authorized to sell flowers.

This law was enacted to check plant diseases in the state.

Work Order Will Start Building on Cousins Hall

Amarillo Man Has Contract to Build Addition Costing $57,400—PWA Project

The work order on the addition to Cousins Hall has been issued, and work will start on this PWA project next Monday. This will be the second PWA job on the campus.

C. S. Lambie of Amarillo is the contractor, with a bid of $57,400.

The capacity of the present hall is practically doubled by the addition, and the improvements to be made in the hall will add greatly to the convenience of the girls residing at Cousins.

P. T. A. Carnival Date Is Changed to October 28th

The date of the P. T. A. Carnival has been changed from October 29 to October 28, by a meeting of the Executive Committee yesterday.

All of the leading organizations of the town will have stunts for the last part of the night's entertainment.

The first program of the evening will be given in the high school auditorium at 7:30 o'clock by the primary department.

The clubs and classes of both the elementary and high school will have side-shows in the grade school building.

Pie, coffee, ice cream, candy, and hamburgers will be sold in the grade school rooms and halls.

A $3 prize will be given to the best stunt, and the club taking in the most money at their side-show.

Money taken in at this carnival will be used by the P. T. A. to benefit the school and the community.

Daughter of Mr. and Mrs. Herman Kuhlman Died Sunday

Juanita Katherine Kuhlman, 4 years of age, died Sunday morning at the parental home following an illness of several months. The family lives four miles east of Canyon.

Surviving are the parents, Mr. and Mrs. Herman Kuhlman, two brothers, Herbert and Alvin, and one sister, Marie Kuhlman.

Funeral services were held Tuesday afternoon at the Lutheran Church. Rev. F. R. Frerking officiating. Interment followed in the Lutheran cemetery.

OVERTURNED TRUCK WRECKS TOLES AUTO

One of the CCC trucks being towed behind another truck on the highway north of Canyon Monday broke loose and was overturned on the bridge at the Wragge place.

John Toles ran into the wrecked truck doing considerable damage to his car. Mr. Toles escaped without serious injury.

J. H. Cox, Jr., has been ill at his home the past ten days with malaria which he contracted while on a recent trip to Louisiana. He was able to come down town yesterday for a short time.

CORN-HOG TO BE VOTED ON BY FARMERS

Election Is Called For Saturday, Oct. 26, By the President, Henry F. Miller

ALL FARMERS VOTE

Precinct Chairman May Receive Votes Before Election Day Set For County

Every eligible corn-hog producer in Randall county is entitled to vote in the national corn-hog referendum Saturday, Oct. 26, according to Henry F. Miller, president of the County Corn-Hog Control Association.

All farmers have a stake in the question: Do you favor a corn-hog adjustment program to follow the 1935 program which expires on Nov. 30, 1935? Therefore, it is important to get the judgment of every eligible producer on the matter, he pointed out.

Only one question will be on the ballot: Are you in favor of a corn-hog adjustment program to follow the 1935 program which expires on Nov. 30, 1935?

All operators and owners of farms which produced corn or hogs in 1935 may vote whether they signed corn-hog contracts in past years or not. Community committeemen will determine the eligibility of voters. Each eligible person is entitled only to one vote regardless of the number of farms he may own or operate, no matter where located.

The corn and hog industry, on the one hand, has a choice of continuing a production adjustment program designed to hold corn acreage down to a safe, desirable level and preventing an excessive increase in hog numbers. The alternative is to release control both on corn acreage and hog production at the risk that during the next three years the increase in hog production from the 1935-36 level will be greater than for any previous period in the country's history with consequent disasterous hog prices.

A regular polling place will be open from 8 a. m. to 9 p. m. on Saturday, Oct. 26, at the County Agent's office in Canyon.

Votes may be cast in advance of that date by contacting any one of the various committeemen whose names are given below:

Precinct No. 1, Henry F. Miller, L. D. Winn and J. H. Rose.

Precinct No. 2, Clarence Beckman and Carl B. Fuqua.

Precinct No. 3, J. B. Cox, A. E. Wise and J. W. Byrd.

Precinct No. 4, L. B. Hammond, John T. Moody and C. E. Colling.

Postoffice Shows Slight Gain Over Receipts of 1934

Receipts of the Canyon postoffice continue to show a slight increase over the business done at the local office during 1934.

According to the September report, the quarter ending Sept. 30, showed receipts of $4,020.67 as compared with $3,985.02 for the same period last year.

An increase in receipts of the local office has been maintained each quarter for several years, which lead to the decision to build a new post office.

Mrs. J. C. Hubbard of Pampa is visiting at the parental B. A. Witherspoon home.

Ralph Harter returned Friday from Temple where he has been in the clinic.

Defective Lights on Cars Starting State Campaign

Twenty-seven cars were stopped in Canyon Tuesday night by Highway Patrolman Wayne McCormick and warned about defective lights.

A drive is being made by highway officers over the state to stop the use of cars with defective lights.

Warnings are being issued to car and truck owners for the first offense, and if the defects are not corrected arrests will follow.

PANHANDLE MEMBER PRESS ASSOCIATION

Tom Waggoner of the Claude News breaks forth with another harangue on the money question. He described the Canyon News as dumb because we cannot see his big idea of unlimited inflation. Like all theorists, Tom has never backed his argument for such inflation spree with a single instance in the world's history where his method has aided a nation. On the other hand any one who has read any sort of history knows how unlimited inflation has wrecked every nation which has attempted it. A theory if fine, so long as there is no evidence to disprove it. But when history disproves the theory, there is something wrong with the man who continues to advocate this theory. Yes, The Canyon News is dumb about money. But on this inflation bulsness we happen to have with us every President of the United States since Wilson, and a good portion of Congress. The recent Patman bill for inflation would never have passed Congress had it not been a tail to the bonus bill. A majority of Congress is in favor of the bonus payment, and were afraid to oppose the Patman feature for fear of offending the ex-service men. Now that the American Legion has booed Wright Patman and refused to allow him to speak at the national convention, inflation has little chance in the next session of Congress, but the bonus bill will probably pass. It seems that the Legion convention was likewise composed of dumb vets. Tom is so sure that inflation will solve all the nations ills that he proclaims that Patman's bill would end the depression in 60 days. Such foolish talk is even worse than being dumb. In the future we will allow Tom to continue to wail on unmolested regarding the money question. There are not half a dozen men in the United States who understand thoroughly the money question, and none of them are accredited with living in West Texas.

Federal Judge George E. Q. Johnson writes an able article, "Let's Go to War on Crime." It costs $13,000 per minute to run the national government, according to Judge Johnson, yet the people of this nation spend $22,800 per minute for crime. We complain greatly about the former expenditure, but say nothing about the latter. Judge Johnson is not like most people—cry out against such a waste without giving thought to the solution of the problem. His solution is to build clubs for boys all over the nation, especially in the congested centers, and direct the play and work of the boys. The Judge points out the results which are being achieved in these centers. Any person who will read this article should be convinced that unless this nation spends more money in directing the youth of the land, the taxpayers will be called upon for much larger sums in years to come in fighting crime. This section of Texas has started a good work in the organization of Maverick Clubs. Not a single member of that club in Amarillo has been hauled into juvenile court. The work in Canyon and other towns among the boys should be encouraged. The utilization of school plants in many towns during the summer months keeps the boys busy and has resulted in much good. It is far better to spend a few thousand dollars in preventing crime than to waste our millions to take care of criminals.

The chain store bill as passed by the legislature is probably not so much a revenue raising law as it is an attempt to curb the big chains in the state. The little chain stores are not injuring the independents, and are usually welcomed by the independent merchant. The big chain store is not a good thing for this nation which believes in fair play. While the prices in the big chain may be lower, the quality of goods is much lower; the wages paid are hardly liveable; the stores pay none of the upkeep of the local communities. Low prices are reached by browbeating the manufacturer, who finds himself the victim of selling his factory output to the chain. Under the first contract with the chain, the manufacturer may be paid a fair price; when the contract is renewed, the chain insists upon unreasonably low prices, and the manufacturer either has to take the price offered or go to the expense of marketing his own goods. His wares are unknown on the market and selling is an expensive item these days. Therefore he is forced into a new and lowered contract in order to sell the factory output. The only way he can break even is to reduce wages and to lower the quality of the product. Many states are outlawing the chain stores because of the un-American tactics which they employ to penalize those with whom they do business.

The League of Nations with 61 nations backing the leadership of England and France has declared economic warfare upon Italy. The League feels surer of itself this week than it did last week, and will attempt to put the screws to Mussolini. The slaughter of Tthiopians continues, but word which comes from the battle front indicates that Italy is not having such easy going. 10,000 Italian soldiers have been returned home either sick or wounded. No account has been given of the number of dead, but this list will probably run higher than anticipated. It is rumored that Italy will be willing to consider peace by the end of this month, and the gesture is made that England and France be present at the division of territory. Both nations have been notorious land grabbers in the past, and show no indication of having reformed. It is well for the United States that every precaution be maintained to keep this nation out of this mess.

The oil investigation continues in Texas. While Congress was considering the federal control oil bill, Chairman E. O. Thompson and Governor Allred announced to Washington that Texas was able to control the oil situation and that hot oil was almost a thing of the past. The legislative committee charges that the Railroad Commission is incapable of handling the hot oil situation. Every citizen of Texas is interested in the oil situation, since oil pays more than 50% of the state's taxes. Running hot oil deprives the state government of the much needed income. Colonel Thompson is a candidate for re-election. You will hear a lot about hot oil in the campaign next year.

The Governor of Ohio makes charges against the University of Ohio on hiring football players. It was ever thus in the history of state institutions of higher learning. A few years ago Governor James E. Ferguson sought to cripple the University of Texas. The University of Iowa went thru a period of abuse more recently. The State colleges of Oklahoma were lambasted by Governor Murray. In the meanwhile the denominational colleges continue to get a lion's share of the good football players and the public wonder how and why.

Senator Glass, Virginia Democrat, is a bitter critic of President Roosevelt. He has announced that Roosevelt will be nominated by the Democrats without difficulty. It is unfortunate for the President that most of the opposition which has developed to him over the nation has been the work of inefficient hirelings. Hugh Johnson and Dr. Tugwell are two well known stars who have done so much damage to Roosevelt's popularity.

Without doubt Herbert Hoover is a candidate for the Republican nomination. Every statement he makes indicates that he is seeking a comeback. A few months ago it was taken for granted that he would be satisfied to name the candidate of his party, and then step aside. The Republican leaders are worried about Hoover's attitude. They know he cannot win, but have no strong man available for the candidacy.

Providing new street markers may be undertaken in a short time by an organization in Canyon. At the same time all property owners will be asked to replace house numbers which may have been destroyed. A few years ago numbers were placed at all street intersections, but these have long ago become too dim to read, or have been knocked over. It is a project well worth while.

Drive carefully. By fast driving, you might save a few minutes in reaching your destination. Still again, you are likely to either kill some innocent person or spend six months in the hospital as the result of driving at an unreasonable speed.

What have you been doing about Fire Prevention? A few hours spent in cleaning up might save the expense on an expensive fire this winter.

Racketeer Is Quarry in New Nation-Wide Drive Planned by Federal Agents

WITH kidnapings and bank robberies "under control" and with all quiet along the violent crime front, the Department of Justice is about to launch another of its spectacular offensives against lawbreakers. This time the target is the racketeer.

In the years since repeal of the 18th amendment melted the vast illegal profits of the prohibition era, racketeering has become almost an American institution. Using "strong arm" tactics, human leeches annually have been robbing legitimate business of inestimable millions of dollars.

One outstanding example is the New York poultry racket, against which the impending D-J drive may be started. Each year $16,000,000 is extorted from Jewish housewives, who buy 90 per cent of the city's live poultry supply.

The loot goes to certain racketeering groups who handle distribution of the fowl, charge exorbitantly for trucking and for crate rentals, fix prices and extort money. It costs more, one official said recently, to deliver poultry from the railroads to their destination in New York city than it does to bring them to the city from western farms!

Rackets which flourish throughout the United States range all the way from million-a-year "big business" to the petty nickel-and-dime extortion of the street rowdy who preys on the small shopkeeper.

In the "big business" bracket are the seven major rackets: labor coercion and strikebreaking, sales of fake securities, gambling, racketeering in the produce, laundry and poultry businesses; alcohol smuggling and manufacture of fake whisky labels.

Some of these, like the poultry racket, are strictly parasitical in form. In them, the "strong arm" gentry levy tribute on merchants without performing any real service in return.

The remainder are of the functional type. These are conspiracies in which businessmen, through partnership with gangsters, seek to fix prices, eliminate competitors, or otherwise obtain benefits for themselves. These gangsters, incidentally, have in many cases taken over the businesses which they, with their unethical methods, had helped build.

• • •

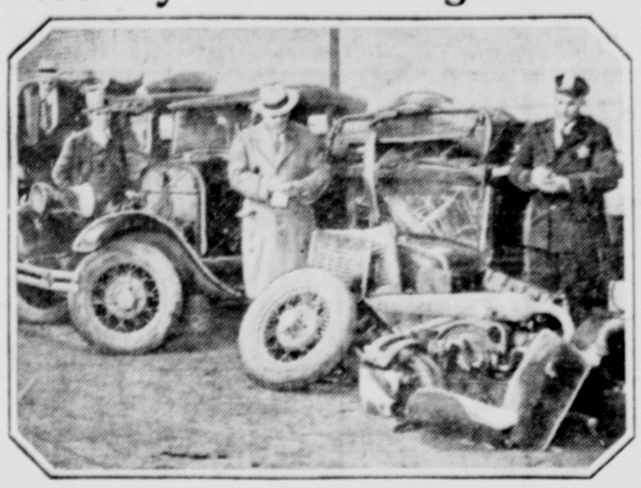
IN its campaign, the Department of Justice will leave strictly local rackets to the city police and concentrate on those which are "interstate" in character.

Thus, Chief Hoover is reported to be particularly interested in phases of racketeering which feature the hijacking of trucks, disposal of stolen property, interstate activities of car-stealing rings, and violations of the White Slave act.

The federal laws against interstate crime, which aided the Department of Justice in its drive against kidnapers and public enemies, are expected to help G-men immeasurably in stamping out racketeers.

In addition, there is the potent income-tax-violation weapon, which proved Capone's undoing; and licensing systems such as that by which the Department of Agriculture was authorized to deal with the poultry racket.

It remains to be seen, however, whether another splendid success will crown the newest Department of Justice campaign.



In connection with the impending D-J drive on racketeers, Chief J. Edgar Hoover, below, is reported to be particularly interested in the activities of car-stealing rings. Police are pictured above, in a Chicago garage, after discovery of a number of stolen automobiles.

Museum Receives Valuable Documents

Material for further research has been lent to the Panhandle-Plains Historical Museum by Miss Susan J. Allen. Included in this collection is a long list of pamphlets, books, magazines and papers which will be filed in the Museum library, and will serve as valuable research material for students doing advanced work in history.

This collection is comprised principally of Indian newspapers and magazines, historical documents and bulletins relating to the outstanding legal and legislative proceedings of Indian and Mexican affairs. Also, there is a complete list of the "Little Masterpieces," a large number of essays in forty-eight volumes written by some of America's foremost literary figures.

It is not frequent that donations are made by men and women of this section of the state to the Panhandle-Plains Historical Society. The existence of this agency has stimulated interest in historical research.

Research is the purpose of the society—the collection of all data regarding the activities which characterized life in this section during the pioneer stage, the collection of stories of the Indians, the preservation of all materials, relating to plant and animal life in this section, and the preservation of relics and documents of all kinds that may be of value in the future. Material worth many thousands of dollars has been collected and is on display in Pioneer Hall.

The Panhandle-Plains Historical Society was organized in 1931 to furnish the pressing necessity to store these relics of the past. The material was then scattered about the administration building. But the organization grew so rapidly that it became urgent to construct the building of white cordova stone on the southwest corner of the campus. The new building was first opened to visitors on April 14, 1933. The cost was $52,455.

The interest and enthusiasm shown by the people of this section in this project may be ascertained by the 75,000 names of visitors that have been registered since the opening day.

But the main reason for the increase is that they are made better—made of better tobaccos; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos.

Chesterfield is made of mild, ripe tobaccos. Everything that science knows about is used in making it a milder and better-tasting cigarette.

We believe you will enjoy them,

Barbecue Will Be Held at Noon Here Homecoming Day

W. T.'s homecoming festivities for her 26th anniversary will open with the distinguished speaker, Gen. Hugh Johnson, speaking at Buffalo Stadium. Following will be a massed band concert at Buffalo Stadium. At noon a barbecue conducted by John Snider, will be served north of Burton Gymnasium. The football game between the Buffaloes and St. Benedict's Ravens of Atchison, Kans., will start at 2:30 o'clock. The Pi Omegas are sponsoring a dance in Burton Gymnasium at 8 o'clock.

Saturday, Nov. 2	
10:00	Gen. Hugh Johnson speaks.
11:00	Massed band concert
12:00	Barbecue.
2:30	Football game
8:00	Dance.

The W. T. football boys will assist Mr. Snider with the preparation of the beef, and the T-Anchor boys will serve the barbecue.

The menu will be barbecued beef, buns, Mexican beans, barbecue sauce, pickles, onions, and coffee. All people going to the barbecue will pass through Burton Gymnasium, entering either of the two front doors, passing through to the rear doors and to the barbecue tables.

$1.00 will admit ex-students and others to both the speaking and the barbecue. Thirty-five cents is the admission to the barbecue only.

Members of the massed band will be guests of the college and will be admitted to the barbecue free.

The Panhandle-Plains Historical Society Museum will be open from 9 o'clock til 6 o'clock, except during the football game.

The Home coming dance will be sponsored by Pi Omegas and the Eligible Bachelors. It will be held at Burton Gymnasium.

Ideal weather now. The very best of all the year. Dry and pleasant. Rain would benefit some crops and injure others.

Rev. J. S. Lindsey and wife from Bovina were with us Sunday, giving us an excellent sermon in the morning, and preaching again at night.

He called particular attention to the Workers' Council which meets with us at Wayside, Oct. 24. A large crowd is expected and will be dinner guests of Fairview and Wayside. Laymen from different points will occupy the morning. Ladies of the W. M. U. the afternoon. Everybody cordially invited.

Rev. Arthur Coleman and wife of Kansas City are here visiting Mrs. W. H. McGehee and family. They are former residents of Wayside. He has consented to preach for us next Sunday morning, Oct. 20. Hope Wayside turns out in full to hear him. If this scribe is not mistaken, he organized the Baptist church here many years ago.

Bro. Coleman's daughter and son-in-law brought them by on their vacation to New Mexico, passing on Monday morning. They will return in about ten days and spend a few days here.

Mrs. Henry Harrell has her mother, Mrs. Crow, visiting her at present. Her health seems to be some better.

D. L. Adams and wife and daughter, Miss Charlotte, with Mr. and Mrs. J. M. McCrerey of Canyon left for Kansas last Thursday, visiting relatives and friends of old. Mr. Adams' sister was expecting to celebrate her golden wedding anniversary last Sunday. We wish for them a pleasant trip and safe return.

Mrs. Floyd Adams has been and is still quite sick; was taken Friday.

W. R. Franklin and family, Mrs. Emma Franklin, W. J. Sluder and wife have recently made a trip to Oklahoma. Mrs. E. Franklin remained with a sister, Mrs. Landsdown, near Tecumseh. Rest returned Saturday after twelve days of rest and enjoyment with relatives.

Abundant feed crops are being harvested around Wayside. Some think the best for a long time. Stock entering the winter in good condition.

Rain is needed for wheat. Some not through sowing.

Peanuts and sweet potatoes making fair crops. We have much to be thankful for. Let's all prove our gratitude to the Giver of all Good, by giving Him His part.

Willie Modisette of Oklahoma is working with W. C. McGehee.

Sunny Hill News

Mr. and Mrs. Henry Ratjen and children visited Mr. and Mrs. J. H. Ratjen of Lockney, Sunday.

The pupils of Sunny Hill school furnished entertainment for a good crowd of patrons and friends Friday night. Ice cream and cake were served at the conclusion of the program.

George Mayfield of Canyon attended the program and cream supper at Sunny Hill Friday night.

Miss Claudia Neeley who teaches at Abernathy spent the week end with home folk in Ceta canyon.

Mr. and Mrs. Lee Russell and children spent Sunday in the Joe Russell home.

Mrs. Lela Castleberry, Mrs. Joe Russell, Mrs. Dee Castleberry and Mrs. Otto Lehnick attended a picture show in Amarillo Tuesday afternoon.

Charlie Knox and J. T. McGehee Jr., made a business trip to Portales, N. M., Friday.

Mr. and Mrs. R. B. Gist, Mr. and Mrs. A. E. Wise, and Mrs. Mayme Kuehn were in Amarillo Monday.

News in Canyon 25 Years Ago

(Taken from the files of the Randall County News of Oct. 14, 1910)

J. W. Aylor and R. E. Rry of Carthage, Mo., owners of land in the Palo Duro Canyon, announced the discovery of gold which would run $4.00 per ton. Plans were made to develop the gold.

Sons were born to Mr. and Mrs. Ben Lee; Mr. and Mrs. E. Edmonds; Mr. and Mrs. Obesk.

Classes were transferred to the new normal building. The opening of the college was held at the court house and classes were held at various places down town during the first month of the school year.

A large number of business men gathered at the First National Bank, and a local citizen was called in to account for letters he had sent out regarding this county. He was charged by citizens with misrepresenting conditions in the county. After a general denial, proof was presented and the man left the meeting after telling the citizens what he thought of the whole bunch.

Darthula Walker Leaves By Plane For New York

Miss Darthula Walker, head of the Geography department, left Monday morning by airplane for New York where she will attend the annual New York Herald-Tribune Forum on current economic and political problems.

A limited number of key people from all parts of the United States and from foreign countries are invited each year to this meeting. It is characterized by the fine speakers who are chosen to discuss topics in their respective fields.

Dean Geraldine Green was also invited; Mrs. Green is president of the Canyon Branch, American Association of University Women, and Miss Walker is chairman of the International Relations Committee.

The man who attends to his own business is doing all that others expect him to do.

EDGETOWN CLUB MAKES TUFTED BED SPREAD

The Edgetown Home Demonstration Club met with Mrs. M. M. Morris on Oct. 11 with Miss Allie Dozier, home agent, in charge of the candy demonstrations of the afternoon.

Taffy, fondant and divinity were made and the gelatine candies were discussed.

The tufted bed spread recently completed by the club has been placed in the window at Thompson Hardware where candy is being sold for chances on the spread which will be given away at a date to be announced later.

At the conclusion of work refreshments of meat sandwiches with sliced tomatoes were served to Mrs. G. H. Hardman, Mrs. O. M. Solomon, Mrs. D. Phillips, Mrs. Carl Wesley, Mrs. Rogers, Mrs. W. T. Davis, Mrs. Finis Brazil, Mrs. L. G. Campbell, Mrs. C. Sanford, and Miss Dozier.

New officers for the year are to be elected at the next meeting which will be with Mrs. Campbell on Oct. 25.

MRS. WM. ASH HAS CLUB AT HOME THURSDAY

The Halloween motif was carried out in the table appointments, luncheon covers and flower arrangements when Mrs. Wm. Ash entertained the As You Like It Club at her home last Thursday afternoon.

At the conclusion of bridge at four tables the hostess served a delightful refreshment plate to Mrs. A. W. Sternenberg, Mrs. Clyde McElroy, Mrs. N. E. McIntire, Mrs. D. M. Stewart, Mrs. C. M. Presley, Mrs. F. E. Savage, Mrs. John Fry, Mrs. Dan K. Usery, Mrs. L. Angel, Mrs. Burt Newlin, Mrs. T. B. McCarter, Mrs. Ray Campbell, Mrs. Felix Neff, Mrs. J. L. Duflot, Mrs. J. Madison Daugherty and Mrs. T. C. Thompson.

MRS. HARRIS COOK HAS SERIES OF PARTIES

Last Friday Mrs. Harris M. Cook entertained two groups with bridge at her home, 1903 Seventh Avenue.

For both the morning and afternoon affairs a profusion of fall flowers furnished the attractive background for the tables arranged for bridge.

A plate lunch consisting of chicken salad with hot rolls, potato chips, pickles and iced tea was served to those seated from 9 to 12, including Mrs. R. E. Ball, Mrs. R. N. Barnett, Mrs. Joe Black, Mrs. Levi Cole, Mrs. J. Madison Daugherty, Mrs. Allen Farlow, Mrs. Robert W. Foster, Mrs. Felix Neff, Mrs. R. O. Johns, Mrs. Mitchell Jones, Mrs. Winfield Miller, Mrs. Hud Prichard, Mrs. Jim Rose, Mrs. Carl Scott, Mrs. Donald Trolinger, Mrs. Andy Walsh, Mrs. Claude Moore, Mrs. C. M. Presley, Mrs. W. A. Warren, and Mrs. Dewey Foster.

Guests present Friday afternoon were Misses Hattie M. Anderson, Ruth Cross, Anna I. Hibbets, Ima Barlow, Linnie Babston, Tennessee Malone, Florence McMurtry, Elizabeth Cox, Edna Graham, Jennie C. Ritchie, Mary Morgan Brown, Pauline Brigham, Oscie Sanders, and Mary Moss Richardson. Mrs. Florence Fulton, Mrs. Laura Sanders, Mrs. Geraldine Green, Mrs. Tommie Montfort, Mrs. Mary Sligar, Mrs. T. B. McCarter, and Mrs. Frank R. Phillips.

At the tea hour a salad course with sandwiches and iced tea was served.

Again Tuesday morning the home of Mrs. Cook was the scene of much activity when another group of friends were entertained at bridge.

The halloween motif was successfully carried out in the tallies and the refreshment plate consisting of salad, hot rolls, pumpkin pie with coffee.

The guest list included Mrs. Wm. Ash, Mrs. M. S. Bishir, Mrs. W. C. Black, Mrs. Ray Campbell, Mrs. Wallace R. Clark, Mrs. Herschel Coffee, Mrs. John Fry, Mrs. C. N. Harrison, Mrs. C. H. Jarrett, Mrs. J. W. Kleinschmidt, Mrs. Clyde McElroy, Mrs. N. E. McIntire, Mrs. A. K. Goodman, Mrs. D. M. Stewart, Mrs. Travis Shaw, Mrs. Dan Sanders, Mrs. W. L. Smith, Mrs. Agnes Smith, Mrs. J. D. Wilson, and Mrs. R. A. Terrill.

Tuesday night bridge and forty-two were played at five tables by guests of Dr. and Mrs. Harris M. Cook at their home.

The use of halloween tallies and fall flowers added a touch of the seasonable motif to the occasion.

Pumpkin pie and coffee were served to Mr. and Mrs. C. A. Murray, Mr. and Mrs. R. P. Jarrett, Mr. and Mrs. F. E. Savage, Mr. and Mrs. Lee Johnson, Mr. and Mrs. Al Baggett, Mr. and Mrs. B. B. Cluck, Mr. and Mrs. A. W. Sternenberg, Mr. and Mrs. J. L. Duflot, Miss Hellen Hickman, C. E. Strain and the host and hostess.

EASTERN STAR MEETING

The Canyon City Chapter, 105, Order of Eastern Star, will meet at the regular meeting tonight at the Masonic Hall at 7:30 p. m. All members are urged to be present.

Mr. and Mrs. L. D. Witcher of Troupe were guests this week in the C. P. Overton home.

MRS. J. W. KLEINSCHMIDT HOSTESS FRIDAY

A very seasonable and colorful affair was that of Mrs. J. W. Kleinschmidt Friday afternoon when she entertained with five tables of bridge for the Friday Afternoon Club.

The Halloween motif was attractively carried out in the decorations, tallies used for play and at the tea hour when a tasty salad course was served.

Special guests were Mrs. T. M. Moore, Mrs. W. A. Warren, Mrs. Bryan Cammack, Mrs. Joe Gamble, Mrs. Wallace R. Clark, Mrs. Burt Newlin, Mrs. Hud Prichard, Mrs. F. E. Savage, Mrs. Ray McReynolds, and Mrs. Vivian Knighton of Alabama.

Members attending were Mrs. Guy Harp, Mrs. T. C. Thompson, Mrs. Dan Sanders, Mrs. T. H. Knighton, Mrs. Clyde Warwick, Mrs. W. C. Black, Mrs. R. A. Neblett, Mrs. Marion Bishir, Mrs. Travis Shaw and Mrs. W. L. Smith.

BIRTHDAY ANNIVERSARY CELEBRATED

Monday evening Mrs. Lee Foster and friends surprised Mr. Foster with a covered dish dinner at the Foster home in honor of his birthday anniversary.

The color scheme of orange and white was beautifully carried out. The dining table was laid with a lovely lace cloth over an orange cover, which was centered with a large golden bowl filled with marigolds. Candle holders to match the bowl were placed at either side and held orange colored tapers. The small tables were centered with small vases of marigolds to complete the colorful arrangement.

Bridge was played until a late hour with high scores going to Mrs. Carl Scott and Felix Neff.

Those present were Dr. and Mrs. R. A. Neblett, Mr. and Mrs. Carl Scott, Mr. and Mrs. Donald Trolinger, Mr. and Mrs. Lige Frieze, Mr. and Mrs. Felix Neff and Mr. and Mrs. Foster.

RALPH H. D. CLUB WITH MRS. GOOCH

Christmas candies and tying candy boxes were discussed by Miss Allie Dozier at the last meeting of the Ralph Home Demonstration club when it met with Mrs. T. C. Gooch on Wednesday, Oct. 9.

A salad course with coffee was served to the following: Mrs. R. A. Adcock, Mrs. Wilbur Hill, Mrs. Carl Schroeder, Mrs. B. D. Springer, Mrs. Lonnie Byars, Mrs. S. H. Howell, Mrs. Sam Hill, Miss Dozier, Mrs. G. R. Cox, Mrs. D. S. Hill, Miss Mary Neal, Mrs. Newton Crain, Mrs. E. Dutton. New members: Mrs. Tom Slack and Mrs. L. H. Crawford.

Guests were: Mrs. M. O. Slack, Mrs. J. M. Craig, Mrs. Jim Morris, Mrs. L. A. Donnell, Mrs. J. J. Wright, Mrs. M. C. Henry.

The next meeting will be with Mrs. Newton Crain, Oct. 23.

MRS. RHODES AND MRS. CAMPBELL HOSTESSES

The Tierra Blanca Needle Club, with Mrs. M. E. Rhodes and Mrs. Raymond Campbell acting as hostesses, entertained a large group of friends at the school house Friday night.

Various games, music and singing furnished the diversion of the evening.

Delicious sandwiches, cookies and hot tea were served to those attending the affair.

ZITA CLUB HAS CANDY MAKING THIS WEEK

"When making candy that requires beating, if it is cooled to luke-warm temperature before starting to beat, much work will be saved and a finer grained candy will be the result," said Miss Allie Dozier, home agent to the members of the Zita Club. The meeting was held Tuesday, Oct. 8 at the home of Mrs. Marshall Rockwell.

During the business session the recreation committee submitted plans for a carnival to be held at the school house on Oct. 19. They were accepted.

Refreshments were served to Mrs. Emma Gruner, Mrs. E. M. Elliott, Mrs. Bill Wright, Mrs. Bailey McCormick, Mrs. Marie Dorman, Mrs. John Moody, Mrs. Eula Watson, Mrs. J. P. Upchurch, Mrs. Lawrence Stewart, Mrs. D. C. McCormick, Mrs. M. H. Rockwell, and her guests, Mrs. Dowd Ray and Mrs. Sam Elliott.

LOVELY AFFAIR GIVEN BY MRS. R. N. BARNETT

Mrs. R. N. Barnett of 1403 Fifth Avenue used chrysanthemums and dahlias to advantage in her decoration scheme when she entertained the 1925 Club yesterday afternoon.

Halloween tallies and plate favors added a touch to wichery and spookiness to the occasion. A salad course was served at the tea hour.

Members and guests were Mrs. Joe Black, Mrs. Hud Prichard, Mrs. C. M. Presley, Mrs. J. Madison Daugherty, Mrs. J. L. Duflot, Mrs. R. O. Johns, Mrs. Allen Farlow, Mrs. M. S. Bishir, Mrs. Burt Newlin, Mrs. W. A. Warren, Mrs. W. E. Miller, Mrs. Felix Neff, Mrs. Carl Scott, Mrs. N. E. McIntire, Mrs. Levi Cole, and Mrs. J. D. Gamble, Jr.

GARRISON CLUB MEETS WITH MRS. JONES

Mrs. Oswald Jones acted as hostess to members of the Garrison Home Demonstration Club Thursday afternoon.

A holiday season demonstration on candy making and gift wrappings was given by Miss Allie Dozier.

Refreshments of hot chocolate and cookies were served to Mrs. L. E. Talbert, Mrs. Noah Grimes, Mrs. E. J. Bauer, Mrs. Irvin Bauer, Mrs. Roy Roberts, Mrs. W. M. Kinsey, Mrs. Homer Kinsey, Mrs. Ed Jones, Mrs. Lewis Harvey, Mrs. Ed Harvey, Mrs. Bula Case, Mrs. Finis Brazil, Miss Dozier, Miss Lula Spiser, Miss Ardelle Spiser, and Miss Elsie Bauer.

GOOD ATTENDANCE AT REBEKAH LODGE

Mrs. Marie Hair, past grand, presided Tuesday evening in the absence of Miss Floy Rowe, resigned, who left recently to fill a teaching position.

Mrs. Teressa Patterson was installed as vice grand to fill out the term created by the absence of Mrs. Winnie Gibbs. A trip to visit the Amarillo Lodge is being planned for the fifth Tuesday of this month.

All Rebekahs in Canyon are invited to visit the local order whether here attending school or residing here. The attendance has been good since the membership drive was started this month, with eighteen present Tuesday.

MRS. MILLER GIVES REVIEW MONDAY

Monday afternoon the Junior Women's Club met for study at the Legion Hall. A report from the City Federation was made by Mrs. J. D. Barker.

A parliamentary drill was conducted by Mrs. Hud Prichard followed by a review of "Lost Horizon" by Hilton, given by Mrs. Winfield Miller.

Sixteen members were present for this the second study meeting of the year.

MEMBERS OF TRIANGLE CLASS ORGANIZE

Sunday morning under the supervision of their teacher, Mrs. W. L. Smith, members of the Triangle Class of the Presbyterian Sunday School elected officers.

Those to serve during the coming year are Dorothy Strain, president; Elizabeth McCaslin, vice president; Katey Jean Black, secretary and treasurer; Hallie Nell Sligar, reporter; Pauline Vanarsdale, social chairman; Florence Clark, service chairman; Quintelle Speck, program chairman, and Dorothy Mills, membership chairman.

Much interest is being shown in the work by the members and a contest to keep up attendance has been started.

MR. AND MRS. HARRY WOOD ENTERTAIN

Members of the Tuesday Night Club were entertained this week by Mr. and Mrs. Harry Wood.

The use of roses, dahlias and chrysanthemums added a pleasing touch to the entertaining rooms where bridge was played until a late hour.

Pumpkin pie a la mode was served to Mr. and Mrs. A. K. Goodman, Mr. and Mrs. Aubrey Fox, Mr. and Mrs. J. Madison Daugherty, Mr. and Mrs. W. E. Miller, Mr. and Mrs. Warren Johnson, Mr. and Mrs. Hud Prichard, Mr. and Mrs. Andy Walsh, Mrs. R. O. Johns, Hubert Hartman and Larry Holman.

MEETINGS OF LAKESIDE H. D. CLUB

On September 25 the Lakeside Home Demonstration Club met at the home of Mrs. Andrew Jones. Work on the past six months club report and discussion of the returns of the Tri-State Fair was the business of the afternoon. There were five members and two visitors present.

Again on October 2, the Lakeside Club members met with Mrs. A. M. Curry at Canyon. Miss Allie Dozier was present and gave demonstrations of Christmas candy making and package wrapping, followed by a discussion on making candies for health.

L. Mahle who was taken to his home at Slaton last week due to illness, is reported to be much better.

R. A. Campbell, of Rosebud, N. M., visited in the Charles Stratton home Tuesday. From here he went to Wildorado to visit at the home of his son, Rob Campbell.

Amelia Takes Off—In Scooter!

Amelia Earhart, America's premier birdwoman, evidently has a new motto. "A woman's place is on the ground." The tousle-headed aviatrix, who has spent most of the past few years in the clouds above the United States, has apparently adopted a new hobby. With this powered scooter Miss Earhart is engaged in showing her aviation pupil, Cinemactress June Travis, how to scoot at the breath-taking speed of 11 miles an hour, around the landing field of the Los Angeles airport where Amelia is giving flying lessons.

Wolflin Cancelled Last Sunday; Tulia Coming Sunday

The Wolflin golf team cancelled the engagement for a tournament with the Canyon team last Sunday. This tournament will be played at a later date.

The Tulia golf team will come next Sunday to meet the Canyon team on the local course. Canyon has defeated the Tulia team in the last two matches played in Canyon and at Tulia.

Warwick Addresses Journalism Class

Clyde W. Warwick, editor of The Canyon News, spoke to the journalism class at the College Friday on the problems of a country newspaper.

"Honesty and accuracy are the first essentials of a good newspaper," Warwick told the prospective journalists. "A weekly paper that is covering all of the local news items in correct form is serving its purpose; the world news is left to the large dailies."

Mr. Warwick is truly an old-timer in the newspaper game, having been with the Canyon News for a quarter of a century. The Canyon News has a larger staff of community correspondents than any other weekly in this territory and has a larger file of cuts of local people than any other weekly in Texas.

Mr. Warwick gave an outline of the development of the press and the progress made in journalism in the last twenty-five years.

Sheriff Shahon of Lipscomb was here Monday on business.

Diego Rivera Has Art Exhibit In Pioneer Hall Now

Reproduction of frescoes by a socialist painter are on exhibit in the museum now. Diego Rivera, Mexican painter, believes the future is a socialistic scheme of life achieved through the efforts of labor.

Rivera's murals are true frescoes in fresh earth tones characteristic of modern Mexican art painted on wet plaster just as the old masters did them on the walls of Italian buildings. These color plates which are on display were made by Ganymed at Berlin, Germany.

One of these plates is a self-portrait of Diego Rivera. The nineteen reproductions in color were selected from the frescoes on the walls of the Ministry of Education, Mexico City; the Agricultural School, Chapingo; Palace of Cortez, Cuernavaca; and National Palace, Mexico City.

A few years ago Rivera helped organize a group of Mexican painters who committed themselves to a revolution in politics and in art, and to painting only propaganda murals in public places.

In 1934 the Rivera mural at Rockefeller Center, New York, was hacked to bits, because the central theme was communistic and the outstanding person portrayed was Lenin, a Russian Communist leader. Rivera has made himself quite unpopular in Detroit and other places because of the type of his frescoes.

However, Rivera's murals are considered by critics as works of art not from a political standpoint but for their artistic value. His use of rich coloring and good form together with rhythm and unity make each of his paintings fine wall decorations.

The works of Diego Rivera, one of the greatest mural painters of today, have been placed in our museum, not to display the subject which they portray, but because of their beauty and fineness of workmanship.

Whom Will G. O. P. Pit Against Roosevelt in 1936? It's Anybody's Guess!

THE race for Republican nomination for president in 1936 promises to be a wide-open contest. A host of prominent men have, in recent months, loomed as possible candidates for the post of 1936 G. O. P. standard-bearer.

Among the most frequently mentioned prospects, of course, is Herbert Hoover, titular leader of his party. For a time the threat that he would seek the nomination smothered ambitions of others eager for the honor of leading next year's fight against President Roosevelt. More recently, however, it became apparent that the former president was willing to get behind whomever the party nominated; and many serious booms have since been generating.

The most powerful, according to a recent poll, seem to be those of Senator William E. Borah of Idaho, Frank Knox of Chicago, Gov. Alfred (Alf) M. Landon of Kansas, and Senator Arthur Vandenberg of Michigan.

Even eastern conservatives are inclined to hope Borah will win. He is from the west, which they believe a necessary qualification. He has consistently opposed administration efforts to revise the Constitution. He is well-known, experienced and, to a certain extent, liberal.

Of somewhat the same stamp is Senator Vandenberg, one of the few Republican senators to be re-elected in 1933. He has lent his support to but half the New Deal legislation. Just recently he attacked the administration tax bill designed to collect more money on vast fortunes and incomes, favoring instead broadening the base of income taxes. Present indications are that he will be a very serious candidate for the nomination.

Colonel Knox, Chicago publisher and one-time secretary of the Michigan G. O. P. State Committee, appears to be well started, his friends already seeking support for him in the east and south. Of all possible candidates, Colonel Knox has been most active in addressing the public.

* * *

MANY other prominent Republicans are regarded as potential candidates. Two Oregon senators—Charles L. McNary, minority Senate leader, and his colleague, Frederick Steiwer—are in the background, ready to take advantage of any shift in the running.

Senator L. J. Dickinson of Iowa, a staunch foe of the New Deal, is another possibility. He may appeal to unrepentant eastern arch-conservatives.

Then there is Gov. Harry Nice of Maryland who, in 1934 defeated Maryland's long-time favorite Democrat, Albert C. Ritchie. Dr. Glenn Frank, liberal Wisconsin University professor, has some support. So, too, has wealthy Ogden Mills of New York, secretary of treasury under Hoover. Opposed by the west as a symbol of Hoover and Wall Street, Mills' lack of popular appeal hinders his chances.

One of the few Republican governors to survive the '34 Democratic landslide, Gov. Harold G. Hoffman of New Jersey, a war veteran, is regarded as a man of political destiny, and more may be heard of him as the campaign draws near.

Mayor Fiorello H. LaGuardia, chief executive of the country's largest city, has rated some support. Almost a New Dealer, except in label, New York's fiery ex-congressman is unacceptable to most regular organization leaders.

Other G. O. P. notables who merit "honorable mention" are: John G. Winant, New Hampshire; Walter J. Kohler, Wisconsin; D. O. Hastings, Delaware; James M. Beck, Pennsylvania; Charles Curtis, Kansas; Hamilton Fish, New York; Patrick J. Hurley, Oklahoma; Arthur M. Hyde, Missouri; Arthur W. Little, New York; Frank O. Lowden, Illinois; Gerald P. Nye, North Dakota; Arthur R. Robinson, Indiana; Theodore Roosevelt, Jr., New York; Bertrand H. Snell, New York; James W. Wadsworth, New York; and James E. Watson, Indiana.

Will one of these men be nominated as Republican candidate for president in 1936? Herbert Hoover (1), Frank Knox (2), Senator Arthur Vandenberg (3), Senator William E. Borah (4), and Gov. Alf Landon (5) are among the most prominent possibilities.

P. T. A. CARNIVAL IS COMING

THE EAGLE'S TALE

BACK THE EAGLES AT TULIA

VOL. NO. 10. CANYON, TEXAS, OCTOBER 17, 1935. NUMBER 6

Well, kids, I'm sure getting interested in school. Good English is my policy, and I sure like to find out what the teachers do in our school. I was talking to Mr. Pope the other day and asked him how he got through the day of teaching. He said, "Wal, I don't do nothin' much. I drag into my office about 7:45 an start stratenin up the office, an then about 8:30 the kids start pourin' in a wantin' a make-up slip, or why did you tell my dad I wasn't studin. I put up with this till 9 o'clock; then I have classes til 12. After dinner and dish washin, I come back feelin fine and call all the kids that's been absent, into my office and straten up their absence records; then I let um go back to their clases, and I grab a pen an try to get my records strate before 3 o'clock, cause then I have to work with the make-up study hall. I get back in my office at 4 o'clock to catch up on my correspondence with other schools and parents which takes me til 6 o'clock, an if I don't catch up, I spend all day Saturday in my office gradin' papers."

I heard Mr. Stephen's band practicing the other night, and I thought it was rather pretty. They were scattered all over town (setting on their door steps), but the sound carried clearly in the stillness and rang in harmony.

I heard that Mr. Sanders, "Woody" Hicks, Coach Jones, Evelyn Cluck, Sewel Cox and Fred Hart was the most conceited humans in high school.

Those Eagles sure fought a swell offensive game with Perryton, but their defense just wasn't quite good enough to win the game. Tomorrow we will meet the Tulia Hornets for our first conference game of the season, and it will be the hardest fought game of the season; so on to Tulia to see the Eagles win.

TO YOU

Does the backfield play the best
And "aw phooey on the rest."

When a backfield man has starred,
You'll give him your best regard
(But what about the guard?)

He will always block the best
In his quest to make a hole
Then the backfield does the rest
Just by galloping o'er the goal.

But what about the guard?
Was it the backfield man that starred?

WHAT DO YOU THINK?

Our high school, I think, has one great need.
Not a hard set rule or creed,
But some soft cushioned seats to encourage the trade,
Of a few courtships in our high school shade.

Hosea Foster, exstudent of '31, visited in the grade school and high school last Thursday.

Evelyn Cluck spent Friday night in Clovis, N. M.

Wannie Thomas visited with friends near Wildorado Sunday.

Ruth Gill spent the week end at her home near Umbarger.

Mary Raymond from Tulia visited school Friday.

Pauline Moore spent the week-end at her home near Dawn.

Faye Plaster spent the afternoon in Amarillo Saturday.

What has become of the old-fashioned girl whose beauty was even skin deep.

"All-Star Texans" Entertain Thurs. In H. S. Auditorium

Mr. Odis Echols and his All-Star Texans gave two programs at the high school auditorium last Thursday.

The All Star Texans have been in several towns, and they have been broadcasting from KGNC, Amarillo at 11:30 o'clock every morning for the past week.

The quartet is made up of Marvin Le Master from Plainview; Don Smith from Lubbock; Lawrence Ivey of Hamlin; Denver Crumpler from Dallas. Mr. Echols who is from Lubbock has taught voice for several years.

Mary Dowlen Weds Glen Whitman Sat.

Mary Dowlen, ex-student of 1934, became the bride of Glen Whitman of Happy last Saturday night. The wedding ceremony was performed at the home of Rev. Rose, a retired Presbyterian minister and grandfather of the groom.

Mrs. Whitman attended both Canyon Grade and High School. During the past winter, she attended West Texas State Teachers College. While a student in high school, she was an active member of the Purple Pep organization, and the Tawamana club.

Mr. Whitman has been reared in Happy, and he was graduated from Happy High School in the class of 1933. He is now employed at a filling station in Happy.

The couple plan to make their home in Happy.

Pep Squad Learns Yells and Songs

"We've got a pep squad
We've got a yell
We've got a team that
fights like—
Yea, Eagles!"

Can be heard every day at noon as the pep squad meets to learn new songs and yells. They have learned two new songs and one yell. Jean Slack, Marie O'Donald, and Polly Little are the three on the committee to get new yells and songs.

Emblems of megaphones have been placed on the shelves of the pep squad leaders. Mrs. W. T. Davis, mother of Mary Ella Davis, one of the pep leaders, was responsible for the emblems.

Reporter May Ring Phone Occasionally

We only hope that central will not be disgusted with the continued ringing of the telephone. Last Monday in order to write one article, Mary Collins called fifteen times for information. She called Mrs. Alfred Bellah ten times, before she was able to talk with her, and Mrs. Ray Campbell, Dewey Foster, Frank Hicks, and Canyon grade school were each called one time. This is the life through which a reporter must go in order to get an article written.

Carolyn Mayfield ran Mary a close race in using the telephone. She called ten times; Mrs. J. A. Edwards was called six times, Mrs. L. L. Monroe was called three times and Mrs. T. A. Dowlen was called once.

These girls kept the path hot from the journalism room to Mr. Pope's office to use the telephone. That's why reporters often make the remark that the journalism room is in need of a telephone.

TELEPHONE TRANSFERRED

The telephone in the principal's private office has been transferred to his outer office.

The change of the telephone was made for the purpose of letting students use it at all times without having to interrupt the principal from his work. Mr. Pope thinks that this will avoid much confusion and save time for the students, as well as for himself.

Guy Tabor, superintendent of schools at Stratford, attended the game Saturday night between Canyon and Perryton. Mr. Tabor was high school principal in Canyon in 1928.

Curtis Ellison, and Willard Childers, ex-students, both of whom are attending Wayland College at Plainview, spent the week end in Canyon last week.

Loura Fern Brian, ex-student of '34, visited school Thursday.

With all their conferences, European nations probably should be termed "The Great Powwowers."

The trouble that some people take to make trouble is almost beyond belief.

"All kill themselves long before "the appointed time."

"Right Over This Way!" Carnival Comes To Town

"Right over this way, ladies and gentlemen. Pie! Coffee! and hamburgers. Get 'em while they're hot" and again the carnival comes to town.

Sharply at 7:30 on the night of October 29 hum and buzz of the P. T. A. Carnival will fill the halls of the Canyon Public Schools.

To start the ball rolling the first three grades of the grammar school will entertain with a program in the high school auditorium. Admission of 5c will be charged those attending.

The other grades and the clubs of the high school will have booths in the grade school building, where most of the fun will take place. There will be no entrance fee, but each booth will charge 5c or 10c.

A prize of $3.00 will be given to the booth making the most money.

The clubs of the town will give a stunt program in the high school gymnasium, and a prize of $3.00 will be given for the best stunt. Admission will be 5c to students and children of the town, and 10c to adults.

Miss Grace Clark and Milton Sanders will have charge of the concessions.

Mrs. Alfred Bellah, president of the P. T. A. stated, "The money from the carnival to budget the P. T. A. program and for the activities of the school."

Not only the kiddies, but the grown-ups of the town will save their nickels and dimes so that they will have a "walloping good time" at the carnival.

Don't forget Oct. 29 is the big night! Guaranteed to take five years off your age.

Girls Interpret Football Terms

Mary and Carolyn thought C. L. Drummond learned to count in the first grade, but they say Coach Jones tries to teach him how every afternoon in football practice.

"Boots" Johnson was always telling Thomas Harris, when they begin a new play, "Let's go to town," but they never did leave.

What did they mean when "Wellrope" Taylor said "97 on 2?" They thought it meant 97 players on two players but there were only 25 players out for practice, so that couldn't be it.

Carolyn said that she heard "Tubba" calling John B. Pope "John Boy." That was the first time she knew his middle name was Boy.

You've heard of people falling down accidently, but who ever heard of boys deliberately falling and skinning their faces? That is exactly what happened according to their version. They were supposed to have slided on their stomachs, but by the looks of Thomas Harris and Joe Gill, they slid on their faces.

It seems a shame that Coach Jones should spend all his valuable time teaching the boys how to count, to go to town, that 97 players couldn't pile on two players when there were only 25 players on the field, and also how to fall down and skin their faces.

Boom! Bang! Crash!

Boom! Bang! Crash!

This is as near a description of what happened in chemistry last Tuesday when Marjorie Wilkinson held some hydrogen over a Bunsen Burner, as can be given.

In the experiment, one was supposed to take a bottle of hydrogen and a bottle of air and put them mouth to mouth with the hydrogen bottle up. After holding several seconds one was supposed to hold them one at a time into the flame, but Marjorie held the bottles together and put them into the flame. Thus the explosion, which blew the bottom out of one of the bottles.

Enthusiasm Shown as Students Enroll For Band Work

With the enthusiasm that only youth can display the boys and girls of Canyon High and Grade Schools are accepting the invitation "Join the New Band!"

The child that learns to play an instrument learns discipline, learns co-operation with others, learns a new way to a fuller, richer life. on instruments puts him into worthwhile school activities. It keeps him off the street. It gives him something interesting, pleasurable, and worthwhile to do during his leisure time.

It is only through a vigorous program adequately supported by the people of Canyon that any permanent worthwhile band organization can be effected here.

Support the Band

In view of the fact that communities throughout the state, smaller in population and lacking our valuation, do enthusiastically support instrumental music, some value must be seen in it.

Now is the logical time to start your child in the band. The present band is composed almost entirely of beginners, and it will be several months before the first concert is given.

It costs nothing to belong to the band with the exception of buying or renting an instrument. Band instruction is provided by the school. The student studies band just as he does history, English, arithmetic, and other studies. The only requirement is that the student show satisfactory progress on his instrument.

Forty Are In Band

Forty students are now enrolled in the band. The brass section is almost complete, but the band needs reeds.

The following is a list of instruments that the band would like to have to make its instrumentation better: Two E flat altos, two D flat piccoloes, two C flutes, ten B flat clarinets, two E flat clarinets, two E flat saxophones, one baritone saxophone, two tenor saxophones.

Arrangements can be made to rent good instruments at a nominal price if there is a demand for them.

If you are at all interested in band, director R. G. Stephenson will be glad to talk with you.

GRIDIRON GOSSIP

Joe Billy Little, fourth grade student, and mascot of the Eagles is a great help to the football team. Joe Billy and the water jug are about the same size, but he is efficient.

Last week's double-tough workouts and skull practices were a great help to the Eagles; although defeated by the powerful Perryton Rangers, the Eagles played excellent football and have a good chance to go "places."

Coach Jones, captain Wesley Cox, Wandell Johnson, quarterback, and Bob Black, Ex-Eagle president, watched Tulia down the Phillips school by a score of 2 to 0. Coach said, "If we play ball like we did Saturday night, we can give Tulia a whipping." Tulia is the first conference game, and should keep the crowd on their toes.

Other conference games will be Happy, who tied Friona, and Hereford, defeaters of the Yannigans by a score of 14 to 12. The Yannigans are also future opponents of the Eagles.

Groom gave Clarendon a 26 to 0 thumping. They were former defeaters of Canyon.

MAYFIELD HAS PARTY

Last Saturday night Carolyn Mayfield entertained a group of her friends with a slumber party. The guests went to her home immediately following the Perryton-Canyon game. There they were served refreshments, and danced until 11:30, when they attended the midnight preview. The guests were Polly Little Billy Greenfield, Mary Collins, Evelyn Cluck, Beulah Brasuel, Rena Beth Bellah, and Kate Donnell.

Helen Howard, formerly of Amarillo, enrolled in Canyon High School last Monday. She is classified as a sophomore.

Library Receives 73 New Books of Prose and Poetry

While the football boys have received new suits, the pep girls new uniforms, and various rooms new equipment, the library of Canyon High School has received 73 new books.

They include fiction, biographies, nature books, books about science, world wide illustrated encyclopedias, cowboy songs, and poetry.

Beau Geste, by P. C. Wren; Richard E. Byrd's own story of life and flights "Skyward"; Corporal Cameron, by Ralph Conner; My Garden of Memory, by Kate Douglis Wiggin; Boots and Saddles, by Elizabeth B. Custer; Half Mile Down, by William Beebe, Seeing the Unseen, by Robert Disraeli; Field Book of Common Rocks and Minerals, by F. B. Loomis; and Invincible Louisa, by Cornelia Meigs, are only a few of the many new and colorful books in the library.

"Lad: A Dog" By Terhune

Most dog lovers have heard of Mr. Terhune's famous collie, Sunnybank Lad. This book is about Lad. His blue blood, his beauty, his fine nobility and devotion, his courage and honor, not only made him celebrated in life, but will continue to gain him friends and win hearts of thousands of people, although he has gone on to the happy hunting grounds. These tales of Lad will move you and teach you to learn the meaning of the fellowship and love of a dog.

"The Scarlet Pimpernel" By Baroness Orczy

This book is filled with scenes of intrigue, danger, and devotion followed close one upon another. "The Scarlet Pimpernel" was the chief of a daring band of young Englishmen whose purpose was to rescue members of the French nobility from the Terrorists of France. Throughout the story this brilliant leader is sought by the agents of the French government, and faithfully guarded by his followers.

The heroine is a woman of wonderful charm and in the end, shares honors with The Scarlet Pimpernel.

From week to week other new books in the library will be reviewed.

Seniors Haunted By Ring Salesmen

Hear the salesmen as they sing—
Buy a ring!
What a world of selection their displays do bring.
How they rattle, rattle, rattle,
On the sales talk of the day;
While with the teacher they do prattle,
All the seniors seem to battle
For a ring with ruby ray,
Saying, see, see, see
In a sort of rhythmic glee
As to the salesmen they do cling
For the rings, rings, rings, rings, rings, rings, rings,
From the sparkling and the jingling of the rings.

For three days Miss Lois Goodrich, sponsor of the senior class has had four good looking salesmen trying to sell her class some senior rings.

The first salesman came Thursday afternoon; the next afternoon three more came, and lo! and behold! when Miss Goodrich came into her room Monday morning there sat the same three salesmen that had come on Friday, patiently waiting to take an order, but she told them: "It's all in vain, for I am afraid you have nothing that we like."

GIRL SCOUTS HAVE SOCIAL

The Girl Scouts had a social at the home of Annie May Spencer Oct. 9. They were entertained with piano music by their leader, Miss Robbie Foster, Mary Charlotte Word, and the hostess.

Each girl had a nose-bag lunch, and Mrs. Spencer served cocoa and cake.

SOPHS ENTERTAINED WITH PARTY TUESDAY

The sophomores of Canyon High School were entertained with a Backward Tacky Party last Tuesday night in the grade school gymnasium. Refreshments of punch and cookies were served.

Much fun was had over the fact that the girls brought the boys, and the boys had charge of the program. Glen Campbell, Sam Robinson and Clarence Zachry planned the games, while Billy Black, Billie Bewley, Donald Wilkinson and Glen Burrus planned and served the refreshments.

Irene Thompson, ex-student of '35, visited school Wednesday.

Sarah Bonnie Bourne visited in Tulia Sunday.

You may think you are all right, but wait until you hear a remark of one of your best friends.

Canyon Meets Tulia In Annual Clash Friday

Perryton Rangers Defeat Eagles By Score of 13 to 0

The Canyon Eagles went down in defeat before the powerful Perryton Rangers at Buffalo Stadium, Saturday night, by a margin of 13 to 0.

The smooth offensive work of the Rangers was outstanding and proved to be the main factor in their victory.

The Rangers have been picked by some fans to win the District 3 title. Although the Eagles were defeated, they showed a great improvement over previous games.

Perryton's first tally came in the first period on a line play. Their try for the extra point was successful from placement. The final score came in the last period. The attempt for the extra point was unsuccessful.

Tucker, right half back, was the outstanding offensive man, and Newlin, right guard, was the most competent defensive man for the Rangers. Harris, Eagle right end, and Johnson, Eagle quarterback, carried the brunt of the defense and offense for Canyon.

Facts About The Game

The Eagles seem to have hit their stride now, and they hope to keep it up. Although they lost to Perryton, the Canyonites really gave them a tough fight, and Perryton went home with a bunch of bruised gridsters weighing about half as much and feeling about twice as bad as they did coming down here.

The Eagles have their hearts set on a victory from the Hornets Friday. Tulia has a tough bunch this year although they have only one first team letterman back. The Hornets have lost more of their games this season, but they have been competing with some of the best teams in the country. Plainview beat them 52-0, Floydada beat them 47-0, but this means little or nothing because Plainview is a strong contender for the class A district title, and Floydada will cop the District Two grid crown in the class B division this year.

Tulia has the advantage over the locals, since the game will be played at Tulia. Last year the Eagles lost to Tulia by one first down, and Canyon is out for revenge this year and is sure to get it.

Playhouse Erected By First Graders

The first grade, under the supervision of Mrs. T. W. Collins, is constructing a playhouse.

The boys have made the beds, dressers, and other furniture. Such things as little rocking chairs, that were too difficult for the children to make, were brought from home. They were repaired and painted. The walls of the playhouse are made of cardboard.

The girls have made all the things that require sewing, such as bedspreads, curtains, pillows, and pillowcases. They made them both by hand and on the sewing machine.

WATKINS GIVES DINNER

Last Saturday night Lavena Watkins entertained a group of her friends at her home with a dinner after the Perryton-Canyon game. After the dinner the group went to the midnight preview.

Those seated were Jack Jennings, George Mayfield, Sewel Cox, Leslie Lisle, Wesley Cox, Melvin Calliham, Sarah Bonnie Bourne, Fay Plaster, Marjorie Wilkinson, Mary Ella Davis, Anna Kathryn Overton, and the hostess.

GUESS WHO

Tall as Mary Ella or a little larger,
If she had a football suit,
She would be a charger.
Youthful, senior, pianist, you know,
An office girl that receives no dough.

Answer to last week's Guess Who: Weldon Fox.

Co-operating with national campaign, Michigan churches ask constituents to permit themselves to be fingerprinted. The day of the button and slug contributor is on the wane.

About the easiest job in the world is for an ungly poor man to marry a good-looking rich girl.

It's a great life if you don't get spring fever, or if you do.

The man who speaks ill of others speaks worse of himself.

Who? Canyon Eagles and Tulia Hornets.
What? Football game.
When? Friday afternoon at 3 o'clock.
Where? At Tulian on the Reid Field.
Why? Annual grudge game.

Probable starting line-up:

Tulia	Pos.	Canyon
Waller	r. e.	Harris
Armstrong	r. t.	Bewley
Fletcher	r. g.	Avent
Sharrock	c.	Rusk
Rogers	l. g.	W. Cox
Reddell	l. t.	S. Cox
Dukes	l. e.	Middleton
Butler	q.	Johnson
Clower	l. h.	Drummond
Preston	r. h.	Lisle
Staggs	f.	Dobbs

Coach C. C. Jones and his Canyon Eagles will meet Coach H. Brown and his Tulia Hornets Friday at Tulia in the first conference tilt of the season.

Although Tulia has won but a single game, the Hornets have proved themselves worthy adversaries to all of their opponents. Tulia won their last game by a scort of 2 to 0 from the Phillips High School gridmen.

Hornets Won Last Year

The Hornets were subduers of the Eagles in their last fracas by a single first down since the score was 7 to 7 and Tulia had 3 penetrations to the same for Canyon, while Tulia made 8 first downs to Canyon's 7. As a result, a 12 year tradition was broken, as it took this many for the Hornets to defeat Canyon on the gridiron.

Tulia and a mob of boosters invaded Buffalo Field in Canyon last year with a grim determination to defeat the Eagles.

The Eagles will journey to Tulia Friday, with one thing in their minds, TO DEFEAT THE HORNETS.

Georgie Fay Holt Roots For Eagles

To be loyal and to back the Eagles you do not have to be a member of the Purple Peps.

Georgie Fay Holt, a member of the third grade, knows most of the football boys by their names and numbers, and all the songs and yells given by the pep squad. She never misses an afternoon practice. While being interviewed she said that the boys should have won the game with Perryton because Coach Jones had worked the boys so hard. She said that Jack Taylor was her favorite player, and "Cheer Boys, Cheer" was her favorite song. Her highest ambition is to have a purple pep suit and be a member of the pep squad.

Membership Drive Planned By P.T.A.

Last Monday morning the room-mothers, and the membership committee of the Parent Teachers Association met at the home of Mrs. Ray Campbell. They made plans for a membership drive for the P. T. A.

This is membership week, and a prize of $3.00 will be awarded to the class having the greatest percent of parents belonging to P. T. A. Two $3.00 prizes will be given—one to the class winner of the grade school, and the other to the winner of the high school. The membership fee is 35 cents.

CLUCK ELECTED PRESIDENT OF HOME EC. CLUB

Evelyn Cluck was elected president of the Home Economics club at the first meeting Oct. 8; Fay Plaster, vice president; Edrie McNeil, secretary and treasurer; Dell Bagley, song leader, and Marie O'Donald, pianist.

At the end of the meeting Miss Fannie Sue Brasuel, sponsor of the club, served candy bars to the members of the club.

SCHOOL DISMISSED MONDAY NOON

School was dismissed Monday afternoon because of the death of Supt. I. B. Carruth's brother-in-law, Roy Gladson, of Ft. Sumner, N. M., who died with typhoid fever in the hospital at Clovis, N. M. Mr. and Mrs Carruth, Mr. and Mrs. W. H. Stroud, Mr. and Mrs. Aubrey L. Fox and several other families of Canyon went to the funeral services at Olton Monday afternoon at 3 o'clock.

PANHANDLE EDUCATORS WILL MEET HERE MARCH 6 AND 7

Committee Sets Date In Meeting Held Here Saturday

The Northwest Texas Conference for Education will hold its 1936 meeting March 6 and 7.

This decision was made at a meeting of the executive committee at the West Texas State Teachers College Saturday. Supt. W. B. Irvin of Perryton, president of the conference, presided at the session.

It was decided that the conference will last over the two days and that the general theme will be "The New School."

Section meetings will be arranged for classroom teachers, parent-teacher association members, school trustees, city and county superintendents and other groups.

Other members of the executive committee who were present were: F. E. Savage, Canyon, secretary; Mrs. T. V. Reeves, Canyon; Supts. J. B. Speer, Morse; Guy Tabor, Stratford; Lee Vardy, Turkey; H. P. Webb, Olton; L. H. Rhodes, Dalhart; Geo. A. Heath, White Deer; Leo Forrest, Farwell; C. H. Dillehay, Hereford; County Supt. F. O. Boles, Littlefield; Ola Boyles, Amarillo; Mrs. Bland Burson, Silverton; Mrs. Champ Davis, Shamrock; Herman Ford, Plainview; Mrs. J. E. Griggs, Amarillo; Mrs. C. T. Hunkapillar, Pampa; Dean R. P. Jarrett, Canyon; Noel McDade, Dumas; Josie Wiggins, Tulia; Mrs. W. D. Word, Amarillo.

Texas Tech Defeats W. T. Freshmen

The W. T. freshman football team made their season's debut last Saturday night against the powerful threats of Coach Burl Chapman's Texas Tech freshman squad. The game was played on the Tech gridiron, before one of the largest crowds that has witnessed a freshman game in years.

The local lads took a 10 to 7 spanking, but they gave evidence that they were going to make some varsity men hustle for positions next year.

Coach Cagle Teague, when asked who played the best game, replied. "I cannot say, because every man that got in the game played superb football, and I am proud of every boy."

The boys that started the game are as follows: Ayers, game captain, right end; Speer, right tackle; Gilbreath, right guard; Turner, center; Horton, left guard; Miller, left tackle; and Patton, left end.

The shining lights that started in the backfield were: Thomas, quarter; Lyde, left half; Brotherton, full back; and McLaurey, right half.

The fish will make their next attempt at victory against the Portales Junior College, Oct. 25. The game will be played here in the afternoon.

IT'S HOME TOWN SERVICE

The best part about your telephone service is that it's home town service — tailor-made for you at the switchboard by people who live and work here.

Experts on American Telephone & Telegraph Company's headquarters staff can develop better *methods* of giving you service. Scientists of Bell Telephone Laboratories can contribute new inventions and scientific developments. Western Electric can buy and manufacture economically for the 24 operating companies of the Bell System.

And all of these things can — and do —help us tremendously at the job of giving you good telephone service at a fair cost.

Yet not one of them could replace the qualities of friendliness and neighborliness which grow out of the fact that the men and women who operate the telephones here belong to and are part of this community.

You can't measure those qualities. You can't set them down on monthly reports. Yet they have a large part in the job of providing telephone service.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxines. Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

Indian Village Probably Will Be On Campus Soon

An Indian village in which citizens of the Great Plains lived in the days long before Coronado, will probably make its appearance on the campus of the college before many more months have passed.

Prof. C. Stuart Johnston of the department of archaeology and paleontology, and Floyd V. Studer, curator of archaeology and paleontologist for the Panhanddle-Plains Historical Society, spent the last week-end investigating an Indian ruin which will be used in field work of the present archaeology class.

The ruin, which is within 50 miles of the college, will probably be visited weekly. The class will carry on the excavating and the houses and other buildings which are made of stone will be reassembled and placed on the campus so that they can be seen as they looked when inhabited 600 years ago. This restoration is made possible, according to Mr. Johnston, by numbering each block as it is excavated and by making photographs as the work progresses. The 15 men and women of the archaeology class will be able to see how the stone homes were plastered inside with adobe and covered with thatched roofs, made of cottonwood logs, brush and mud.

Among the artifacts which will probably be found in the ruins, are knives, arrow points, shell and bone beads, bone hoes and digging sticks, and metates. It is not unlikely that skeletons will be found beneath the floors, as the Panhandle-culture Indians of the Texas Plains frequently buried their dead in their homes, and pipes were often placed with the bones of the men and beads with those of the women and children.

Each house will be brought in and placed on the campus as it is excavated, so this project will furnish laboratory work for archaeology classes for an indefinite period. While models of such houses have been erected before, this is the first time that the actual houses will have been placed in view where they can be seen by visitors.

Prof. Johnston stated that this project would have been impossible had it not been for the assistance of Mr. Studer who is familiar with every section of the Panhandle and who knows where all the ruins are located.

Mr. Harrison stated that the San Antonio office assured him all of the W. T. campus projects had been approved at Washington by WPA, but had not been cleared by the treasury department.

The San Antonio office had not been advised as to the handling of the special fund of $77,429 which has been given Randall county for sewing, clerical, historical and scientific research, statistical surveys, roads, sanitation, sewer and water works extension.

R. W. Willis, district project engineer, has promised the Planning Board to assist in making these special projects as soon as definite information has been received.

GOES DEER HUNTING

John Schramm accompanied by Mr. and Mrs. Earl Crist of Amarillo left Saturday for a deer hunt in Arizona. From word received, they should have no difficulty in bagging their limit as many herds were seen by members of the party enroute to their camp location.

EPISCOPAL CHURCH

There will be the usual service of Evening Prayer at this church, next Sunday night, Oct. 20, at eight o'clock.

Everyone is cordially invited to attend.

In these regal robes, pretty Vilah Sommerfeldt, above, reigned over the Cheese Festival at Monroe, Wis., center of the swiss and limburger cheese industry. A Wisconsin U. student, Miss Sommerfeldt was chosen because of her splendid 4-H record.

METHODIST CHURCH

Sunday the 20th to Sunday the 27th has been designated as "Childhood and Youth Week." We are anxious that every Methodist Child and young person be in Sunday School and church those two Sundays. Subjects for the sermons by the pastor next Sunday are, "Parental Responsibility," at 11 a. m. "Getting Ready for Marriage and Homebuilding," at 7:50 p. m.

The Young People's Societies are going in a great way.

Buffs Lose To McMurry Indians By Score of 13-7

The McMurry Indians, living up to their vaunted reputation as passers de-luxe, again took to the stratosphere and left the Buffaloes silent by a score of 13 to 7.

After the tee-off the Buffs exchanged punts with the Indians, and Dow, Davis, and Clark mixed a combination of forward and lateral passes with some smashing runs and scored the first marker. Dow had the honor of receiving the pay-off applause. He calmly kicked goal to forge to the lead in the Buffaloes' favor.

The Indians folded up until the half, but they came back in the last stanzas with a passing attack featuring Pool and Dunlap that the Teachers could not stop.

The Brave forward wall found a world of competition in the Buffalo line, and they chose to take to the air.

In the third quarter, with the ball on the Indians' 47 yard line, Poole faded back and heaved a pass to Dunlap that was good for 48 yards and a touchdown. Anthony made his try for the goal good, and the score stood 7 all.

The Buffs again started on a touchdown march that looked like a winner, but the Indians intercepted a pass to stop the threat.

With the score tied and 7 minutes to go, Pool again dropped back in the passer's hole to try his luck on the fourth down. He fumbled the ball, recovered, started an end run, saw that he was stopped, and then gave the ball a big heave. Anthony took the pass on a dead run, and, still fumbling, fell across the line for another touchdown. His try for the extra point was wide.

The Buffs came back gamely, but after Champion kicked to Pool, the Indians hit the middle of the line three times and the Warriors took home their prize win of the year.

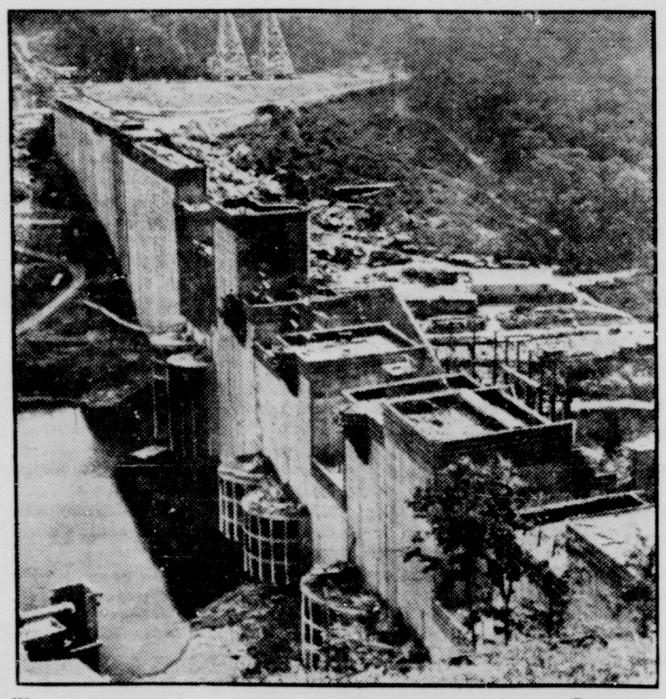
Norris Dam Nears Completion



With nearly all of its concrete poured, the Norris dam, a Tennessee Valley Authority project, approaches completion, as shown above. Soon the water from Norris lake will begin pouring through two 20-foot diameter tubes into two turbines. After passing through the turbines, generating power for the south, the water will flow out through draft tubes and into the Clinch river in northeastern Tennessee.
